World Earth Day 2026 Celebration

Date: April 22, 2026

Venue/School: Rock Breaker Schools

Theme: Restore Our Earth

Participation: 220 students, teachers and past pupils actively took part.

Introduction: World Earth Day 2026 was celebrated with great enthusiasm in our school on April 22, 2026. The event aimed to spread awareness about environmental protection and encourage sustainable habits among students. The program included interactive sessions, creative presentations, and hands-on activities.

Objectives of the Celebration: To educate students about environmental issues like pollution, deforestation, and climate change. To promote eco-friendly practices such as reducing plastic use and planting trees. To involve students actively through skits, discussions, and plantation drives. Awareness Session by Teachers and Plantation Drive.

5. Conclusion: World Earth Day 2026 in RB schools were not just a celebration but a step towards building responsible future citizens. The activities reminded everyone that protecting the Earth begins with small, consistent actions by each one of us.

Good Touch and Bad Touch Awareness Programme

All RB Schools Covered -:

Date: 12th, 13th, 14th & 15th May 2026

An awareness programme on “Good Touch and Bad Touch” was conducted successfully in RB schools to help children understand personal safety and appropriate behaviour. The programme aimed to create awareness among students about safe and unsafe touch and encourage them to speak openly with trusted adults, parents and teachers.

Conclusion

The “Good Touch and Bad Touch” awareness programme was an important initiative for the safety and well-being of children. The programme helped students gain knowledge about personal safety and encouraged open communication between children, parents, and teacher.

Parents Teachers Meeting

Date-19th, 20th, 21st, 22nd May 2026

Total participants: 257

The meeting was attended by parents, teachers, and school authorities. The Supervisor guided the meeting and discussed important matters regarding students’ education, discipline, attendance, and school development.

Parents and teachers actively participated in the discussion and shared their valuable suggestions for the betterment of the schools and students. The Supervisor encouraged all parents to support their children regularly in studies, discipline and attendance. At the end chocolates were distributed to all.

June 2026 Half Yearly Examination 2026 beging in all the RB schools written and oral.

World Environment Day Celebration Report

Date: 05.06.2026

cleanliness, waste of trees in ecological balance. parents, and cleaner and to contribute towards a sustainable environment.

Report on Health Camp

Date: 20.04.2026

Place: Manjha 6no

Health and Hygiene team conducted a Health Camp and Eye Camp at Manjha 6 no. The camp commenced at 3:30 PM and concluded at 5:30 PM.

During the camp, my primary responsibility was to measure and record the blood pressure of the individuals visiting the camp. I assisted in screening participants and ensuring that each person received proper attention and basic health monitoring.

The camp witnessed active participation from the local community, and the services provided contributed to promoting health awareness and early detection of potential health issues.

Overall, the program was conducted successfully, and it provided valuable healthcare support to the people of the area.

Report on Health Camp

Date: 16th June 2026 **Venue:** Lamba Line, Jayantika Tea Estate

A Health Camp was organized on 16th June 2026 at Lamba Line, Jayantika Tea Estate under the Health and Hygiene (HH) initiative. The camp aimed to provide general health checkups and promote awareness of hygiene practices among the local community.

The camp witnessed enthusiastic participation from the community, with **over 70 individuals** availing themselves of the health checkup services.

The Health Camp at Lamba Line, Jayantika Tea Estate was successfully conducted with active involvement from the HH team and strong community response. The initiative not only provided essential health services but also strengthened awareness about hygiene and preventive care.

The Lions Club Bagdogra organized a comprehensive eye health initiative aimed at serving the local community. This program was designed to provide free eye checkups, followed by surgical interventions for patients in need. The initiative reflects the club's commitment to improving public health and ensuring access to essential medical services for underprivileged individuals. Health and Hygiene team has been a great help for the patients to monitor their treatment process.

The free eye checkup and operation program conducted by Lions Club Bagdogra stands as a remarkable example of community service. By addressing critical health needs at no cost, the initiative not only improved individual lives but also contributed to the overall well-being of the community. Continued efforts of this nature will further enhance healthcare accessibility and awareness in the region.

Field visits are an essential component of project implementation and monitoring. They provide firsthand insights into ground realities, help assess the effectiveness of ongoing activities, and strengthen communication between project teams and beneficiaries. This report summarizes the observations and outcomes of recent field visits conducted under the initiative.

The field visits proved to be highly valuable in understanding the real impact of the initiative. They highlighted both successes and areas for improvement, ensuring that future activities can be better aligned with community needs. Continued engagement through regular field visits will enhance transparency, accountability, and effectiveness of the program.

Note: Over the past three months, the Health & Hygiene (HH) team has maintained consistent engagement with the community through regular field visits. While the number of formal activities conducted in the field has been limited, the team has focused on direct beneficiary support, health monitoring, and connecting families to essential services.

The HH team's field visits over the past three months have played a vital role in maintaining community engagement and ensuring health support, even in the absence of large-scale

activities. Their efforts in hospital assistance, health monitoring, and survey work have laid the foundation for stronger program impact in the coming months. Continued focus on connecting families to government schemes will further enhance the sustainability and inclusiveness of the initiative.

Income Generation Awareness & Training

Venue: Khadubhanga

Date: 12.04.2026

G P : Bidhan Nagar II

On this day at Dangapara, Pacca Line we organized an IGP (Mushroom Training Program) for the SHG members. In the beginning of the program Pushpa Ekka, the Community Educator introduced about the purpose of the program. Sr.Anima Kullu, the Program Implementer spoke on the Income Generation Program and the Seva Kendra through SHG project provides the many opportunities and training for the members like SHG meetings, health awareness programs, book keeping on update of SHG registers, Income Generation Training like; mushroom cultivation, hand craft, soap and pickle making, organic kitchen garden etc. in order to help the members to improve in their livelihood. Secondly Pushpa Ekka took the charge to train them for mushroom cultivation. She explained them step by step first and priority need hygiene and appropriate place. Everyone interacted and took interest in learning. They made four cylinders. The members are motivated to cultivate in big way in the group as a collective and do the business. We also encouraged them to restart their IGP activities like pickles and Juice making, as they have all the utensils and machines. On the way we witness mushroom cultivations in Lachhuvita, Baaria Basti. We were happy to know their motivation and result.

Outcomes : The SHG members learnt exactly the methods and techniques of preparation. Participants realized the means of earning income. For the SHG members IGP training is an additional come opportunities. It is within short time gets ready therefore it increases income. The SHG members received not only Mushroom training but like Pickle, soap making, etc to strengthen the SHG and cooperative

Date : 30 .05,2026 Government organized the camp of schemes Annapurna Bandar in the(GP) Gram Panchayat level in Goshpukur. Anupa the Animator of Seva Kendra Women Empowerment though Self Help Group, participated in the camp. She helped to fill the form Annapurna Bandar. It was held whole day. The camp was conducted for three days.

Outcome: Anupa the Animator filled 10 forms. The SHG members could able to fill the form. Among them 4 members are getting benefit of the Schemes

World Environment day

Venue: Amjamni Basti

Date: 05.06.2026

World environment day annually on 5th June every year. We displayed and explained theme of the year, (1) Inspired by Nature (2) For climate. (3) For our Future. It was organized in Amjamni basti we the community educators and community implementer shared the significance of the day. We highlighted on the main theme of current year. At same time we focused on planting the trees. Save water. Reduce the usage of plastics etc. The talk was very interactive. This year the cooperative group planted the 15 Lemon trees.

Title of the project: Men empowerment through Self – Help Group.

1st Quarter Report (April to June) 2026

Awareness on Mental Health for Men SHG Groups

: Dated: 13th April/2026

During the first quarter of the financial year 2025–2026, SKS conducted four Mental Health Programs for Men Self-Help Group (SHG) members to address stress, depression, and other mental health challenges faced by men in the villages.

Many Men SHG members are suffering due to financial difficulties and unemployment, making it hard for them to support their families, provide good education to their children, and arrange proper medical treatment. These problems have increased mental stress, anxiety, depression, alcohol consumption, substance abuse, and violence in some villages.

Through the Mental Health Programs, men were encouraged to openly discuss their problems, reduce stress and depression, improve their mental and physical health, and develop positive attitudes towards family and community life. Special emphasis was given to reducing alcohol and substance abuse and preventing violence within families and villages.

During the year, SKS also prepared and strengthened the Men SHG platform to conduct various development activities related to financial improvement, village development, health awareness, social responsibility, and mental health promotion. The programs helped create awareness, community participation, and mutual support among group members.

Overall, the initiative contributed positively towards improving the mental well-being, social awareness, and community involvement of Men SHG members.

Awareness on Mental health to Men SHG groups.

A short brainstorming to create a safe and supportive platform where Men's SHG members can openly discuss mental health issues, identify common stressors, share coping strategies, and explore ways to promote mental well-being within their families and communities.

Labour Day Celebration at Jiwanjote Village

On 1st May, International Labour Day was meaningfully observed in Jiwanjote village under Hatigisha Gram Panchayat, Naxalbari Block. The event brought together three Men Self-Help Groups—along with their wives—in a spirit of unity and appreciation.

The program aimed to recognize the hard work, dignity, and contributions of daily wage earners and SHG members. Participants shared their experiences and reflected on the value of labour in sustaining families and strengthening the community.

The gathering also encouraged members to continue their collective efforts for village development, support needy families, and promote a culture of cooperation and social responsibility. The event concluded with a renewed commitment from all participants to work together for a better and more inclusive community.

Report on Janjati Garima Camp (Tribal Dignity Camp)

From **Seva Kendra Siliguri** Men SHG Project staff attended these camps in **Kharibari Block**, G.P. Maynaguri and **Naxalbari Block** in Hatigisha Gram Panchayat & LAMP office on 19th May/2026.

The Government organized the Janjati Garima Camp in the Siliguri subdivision to support tribal, marginalised, and economically weaker communities by providing awareness and access to various welfare schemes and government services.

The main objective of the camp was to improve the social and economic condition of poor people, especially tribal communities, by ensuring that they receive the benefits of different government development programs. The camp helped people access important documents, healthcare services, financial assistance, education support, livelihood opportunities, and social security schemes.

The Janjati Garima Camp focused on tribal welfare and development initiatives such as PM-JANMAN (Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan), which aims to improve housing, healthcare, drinking water, education, electrification, and livelihood support for vulnerable tribal groups.

Various schemes and services highlighted during the camp included:

- Health check-up and healthcare support
- Tribal welfare and livelihood schemes
- Financial inclusion and bank account assistance
- Housing and sanitation schemes
- Education and scholarship support
- Pension and social security schemes
- Employment and skill development programs
- Aadhaar, caste certificate, and other government document support
- Awareness against substance abuse and social violence
- Annapurna Yojana for poor elderly people to receive free food grains and food security support

The camp was highly beneficial for poor and marginal communities as it brought government services closer to the people and helped them receive information, guidance, and direct support easily. It also promoted awareness, social inclusion, and community development among tribal and rural populations.

Overall, the Janjati Garima Camp is an important initiative for empowering vulnerable communities and improving their quality of life through government welfare programs and

social support services.

World Environment Day Report

Date: 5 June 2026

On the occasion of **World Environment Day**, Men SHG Project of Seva Kendra, Siliguri organized a tree plantation programme in the project target villages. The programme was coordinated by the field-level animators in collaboration with village leaders and community members.

The primary **objective** was to promote environmental conservation, increase village greenery, and encourage sustainable livelihoods through fruit tree plantation. Based on Seva Kendra's previous experience, many saplings planted in earlier years did not survive due to inadequate care. Learning from this, the organization prioritized the distribution of **fruit tree saplings**, as beneficiary families are more likely to nurture and protect trees that provide direct economic and nutritional benefits.

A total of **212 tree saplings** were distributed to **106 beneficiaries**, comprising:

- **152 fruit tree saplings**
- **60 timber/furniture wood tree saplings**

Seva Kendra expects a **90% survival rate** through regular follow-up and community ownership. Once fully grown, these trees will provide multiple long-term benefits, including improved environmental protection, enhanced biodiversity, nutritious organic fruits for household consumption, additional income from the sale of surplus produce, and timber resources for future use. The initiative will also contribute to reducing dependence on chemically treated fruits from the market while promoting healthier diets and strengthening climate resilience in the target villages.

The World Environment Day programme reflects Seva Kendra's continued commitment to environmental sustainability, community participation, and the creation of healthier, greener, and more self-reliant villages.

Tree saplings planting after the awareness and distribution.

Before concluding this quarterly report I would like to clarify regarding the Men SHG groups.

- Since the Cooperative Bank of Naxalbari asked to merge the group into one. The group has have minimum 10 SHG members in one group. So we have merged 6 groups in 3 groups. So total number of Men SHG groups will be 8. These groups are processing to get big amount of loan to start up the entrepreneur business.

Report prepared by: Coordinator Peter Rai Thank you so much.
